## **Social Media Policy**

Monkton Gymnastics Club social media policy for gymnasts, coaches, officials, and volunteers

- MGC asks that all coaches, officials, and volunteers do not become named friends with gymnasts or gymnasts' parents on your social networking pages.
- If MGC staff/coaches receive messages or requests through social network sites/messenger, you must not respond to the child directly. Please respond to the parent directly.
- MGC uses an open Facebook, Instagram, TikTok page to share updates & pictures/videos of gymnasts/competitions. Parents/Gymnasts should not make negative or derogatory comments on these platforms about MGC, Gymnasts or coaches.
- Parents are encouraged to monitor their child's social media pages.
- Coaches/Parents/Gymnasts must not upload pictures/videos to social media if they contain other gymnasts – without first seeking that parent's permission.
- Always remember that anything posted on social media can be shared with people other than whom it was intended for and no longer in your control.
- Parents/coaches/gymnasts must not post 'on behalf' of Monkton Gymnastics Club
- MGC will not post any personal information online like – surnames, emails & phone numbers

Social networking sites should be used to promote gymnastics/MGC and never be used to criticise gymnasts, parents, or the sport.

If anyone would like to report anything you can contact MGC management team or the club's welfare officer on -
